**Agenda Item:** Annual Quality Report 2021/22

### 1.0 Introduction

The Annual Quality Report 2021/22 is available in Page Tiger format via the following link: <https://setrust-hscni.pagetiger.com/aqr/21-22>

### 2.0 Background Information

In 2011 the then Department of Health and Social Services and Public Safety (DHSSPS) launched the Quality 2020: A 10 Year Strategy to ‘Protect and Improve Quality in Health and Social Care in Northern Ireland’. One of the priority work streams within this strategy was to agree a standard set of indicators for HSC Trusts across the region on safety, quality and experience and detail compliance in an Annual Quality Report. In addition to regionally agreed indicators, each Trust is invited to include a compliance summary against their local priorities for safety, quality and experience ensuring to reflect staff wellbeing.

### 3.0 Brief Summary of Key Points

The report aims to increase public accountability and drive quality improvement within HSC organisations. It reviews the past annual performance against quality priorities and the goals that were set, identifies areas for further improvement, and includes the commitment to the local community about what activities and ambitions will be undertaken and monitored over the coming year.

This report includes feedback from those who use our service and is shared with the local HSC Organisations and the public.
