**Q1. How many patients within Northern Ireland / Belfast are being treated for chronic kidney disease, acute kidney injury and end-stage renal disease.
Information on the age brackets and sex of these patients would be brilliant if possible.**

A1. The information requested is not held on a central information system. To obtain this information would require a manual review of records.

This would exceed the 'Appropriate Limit' as defined by the Freedom of Information Act 2000. The Trust therefore exempts the release of this information under Section 12(1).

12.-(1) Section 1(1) does not oblige a public authority to comply with a request for information if the authority estimates that the cost of complying with the request would exceed the appropriate limit.
