Q1. *The number of people who have presented with injuries relating to cosmetic surgery between 2016 and 2023, broken down by year*

A1. The Trust is unable to provide the information requested as this data is not captured through the Trusts clinical coding. Clinical coding identifies the illness that presents however not the cause of the illness.

The information requested is not held on a central information system. To obtain this information would require a manual review of records.

This would exceed the 'Appropriate Limit' as defined by the Freedom of Information Act 2000. The Trust therefore exempts the release of this information under Section 12(1).

12.(1) Section 1(1) does not oblige a public authority to comply with a request for information if the authority estimates that the cost of complying with the request would exceed the appropriate limit.

In accordance with the Freedom of Information Act 2000 this letter acts as a Refusal Notice.
