

How we use your information

We need your information to take care of you

We will talk to you, or your mum or dad, or those that look after you

We will keep your information safe

We will only use it for as long as we need to and only discuss it with people who need to know

Sometimes you can see what we write down about you

Ask mum, dad, the person who is looking after you or one of us, for help

For further information contact the Information Governance Department on 028 9151 2201
